STUDENT PERFORMANCE

Colorado students are assessed once a year in order to measure their performance on state academic content standards, using the Colorado Student Assessment Program (CSAP). The chart below shows the results for grades 9 - 10 in the subject areas for reading, writing and math for all students tested.

CSAP 2001 Spring

Note: Percentages may not add to 100 due to rounding

Percent of Students Scoring Proficient and Advanced

	Your School	District	State
Grade 9-10 Reading	48%	48%	63%
Grade 9-10 Writing	28%	28%	44%
Grade 9-10 Math	4%	4%	14%

Student Test Scores Used For Calculating Overall Academic Performance

Each school in the State received a measurement for student academic performance in school year 2000-2001 using the CSAP results printed above. Every student in this school who took these tests was included in the calculation used to assign a rating except for students who did not speak English, or who are eligible for the state alternate assessment for students with disabilities, or who enrolled in the Colorado public school system after October 1 of the school year. Your school's grade was determined by the percent of students performing in each of the Advanced, Proficient, Partially Proficient, Unsatisfactory and No Score levels. These percents were weighted and combined across grade levels and academic areas. These weights reward performance at the Advanced and Proficient levels over performance at the Partially Proficient and Unsatisfactory levels. The measurements were assigned after calculating the weighted total for each academic area and grade level for each school and comparing this school to all other high schools for school year 2000-2001.

Overall Academic Performance for the 2000-2001 school year

Low

Note: Percentages may not add to 100 due to rounding

SCHOOL HISTORY

2000-2001

Overall Academic Performance

Low

School Improvement

Each school receives a school improvement rating of Significant Improvement, Improvement, Stable, Decline, or Significant Decline. This rating is based upon the change in student academic performance from the previous year. Each school can improve its rating next year by improving student performance on the 2001-2002 CSAP.

Reading Proficiency Levels
